

Battery Testers

Battery Testers

Model: 3015A 3015B 3015C

Features

Model	3015A	3015B	3015C
LED indication for battery condition & charging system	√	√	
LCD digital display			√
Overvoltage protection	√	√	√
Polarity reverse protection	\checkmark	\checkmark	\checkmark

General Information

Model	3015A/3015B	3015C	
Product size	115mm*70mm*205mm		
Product weight	860g	900g	
Standard accessories	Manual	Manual	

Specifications

Model	3015A	3015B	3015C (3 in 1Type)	
Battery Type	6V / 12V (lead-acid storage battery)		Power Battery 6V/12V	Starter Battery 12V
Load Test Current	About 20 A	About 80A	About 80A	
Max. Voltage	DC 19.99V	DC 19.99V	DC 19.99V	
CCA(Cold Cranking Amps)			100~1700	
IEC			100~1000	
EN			100~1700	
DIN			100~1000	
Working Voltage	9V ~ 18V	9V ~ 18V	9V ~ 18V	
Internal Resistance	1.00~99.99mΩ	1.00~99.99mΩ	1.00~99.99mΩ	
Battery Capacitance	5AH-80AH	40AH-200AH	40AH-200AH	
Engine system activation load test			\checkmark	
Maximum load system test			\checkmark	
Charging system test	\checkmark	\checkmark	\checkmark
